[DISPATCHES TO THE OREGONIAN.]

EASTERN DATES TO APRIL 8

EASTERN STATES

Flood in the Ohio River

CINCINNATI, April 9.—The Ohio river is now higher than it has been for many years. The waters of the Licking, which has also risen, swept down into the Ohio carrying twenty loaded coal barges from Pittsburg and fifteen from other points. The streams are running over their banks and carrying everything before them. The telegraph lines are down in every direction and the report is that the storm is general over the South and Southwest.

New York News—Sumner Will Support Grant.

NEW YORK, April 9.—A dispatch from Albany announces the death of Hon. Erastus Cornelius.

The Coroner held an inquest on the body of Dr Woodhull, who was recognized as the husband of Victoria C Woodhull and returned a verdict that an overdose of morphine accelerated an attack of pneumonia, producing death.

A Washington dispatch says that Senator Sumner has announced his intention of supporting Grant if he be nominated by the Philadelphia Convention.

WASHINGTON CITY

Congressional.

WASHINGTON, April 9.—In the Senate Mr Pomeroy, from the Committee on Public Lands, reported bills to incorporate the New Mexico Central Railroad and New Mexico and Gulf Railroad Company, and to grant them the right of way.

To day having been assigned for business from the Military Committee Mr Wilson, Chairman of the Committee called up a number of bills, which passed, including the following: Bill prohibiting the enlistment of minors without the written consent of their parents or guardians; declaring the lands at the Fort Scott reservation, Colorado subject to pre emption and homestead entry; bill to reduce the limits of the military and for the elevation of the condition of the army; bill to pay certain Nevada and California volunteers; bill establishing a system of deposits which provides that the paymasters receiving deposits shall account for the same as if public money.

BY ATLANTIC CABLE.

BERLIN, April 9.—Prince Bismarck read the Emperor's speech at the opening of the Reichsrath on the 5th. The Emperor felicitates the people on the progress made by united Germany as an augury of prolonged peace.

LONDON, April 9.—Judgment will be rendered on Thursday in the case of O Connell charged with an attempt on the life of Queen Victoria.

The Grand Jury have indicted Tichborne, the claimant who still claims that he is an heir to the estate for perjury and forgery.

General Sherman has arrived in Constantinople.

CALIFORNIA.

From San Francisco

SAN FRANCISCO, April 10.—Clery has accepted Kraker's challenge to play a 1 500 point game for the championship.

Weather clear and cold with a raging northwester still blowing.

Crown Point stock is being all held by a few men who cannot dispose of it to men of moderate means who look at it as an investment, on account of the high price prevailing. It is proposed to water it so as to make 100 000 shares of it and throw it on the market. The usual insinuations of a desire to unload are made by outsiders and have a depressing effect in advance upon the market.

Judge Louderback this morning sentenced the conductor of the tan game on Jackson street to pay $300 or go to jail for 150 days, and fined his visitors from $40 to $60 apiece.

The Excelsior muddle is growing worse and worse. The order on McDonald to show cause why he should not be punished for contempt for proceeding against Schmidt in the Board, on account of his delinquency on the Excelsior stocks pending the decision of the case in the Fourth District Court should have been issued against Jasper McDonald but by some bungling was issued against Mark McDonald who was not in the corner nor a party to the suit, and served upon him while he was in the Board. This, of course, vitiates the order entirely.

Jas Gamble, general superintendent of the Western Union Telegraph Company's lines on this coast was thrown from his carriage by the horses running away as he was coming down from Piedmont to Oakland yesterday and badly bruised but not dangerously injured.

BRITISH COLUMBIA

The first weekly mail of the season for Cariboo left Victoria postoffice on the 3d inst.

Fraser river has begun to rise and mining prospects are growing better thereon.

Mr Anthony Musgrave, Private Secretary to His Excellency the Lieut Governor, having been summoned by telegraph to join ex Governor Musgrave in London will sail on the *Prince Alfred*.

A telegram from Ottawa announces that an engineer has left that city for Victoria, who is charged with the duty of organizing and equipping a party for the survey of the coast route from this port to Butte Inlet.

The *Sentinel* says that 250 Canadians, bound for Peace River, wintered at Jasper House and will come through early in the spring. The Lightning Company average 260 oz per week. The claims generally are doing well. On the 12th of March the thermometer stood at 11 degrees below zero.

Information has been received from Ottawa to the effect that an item granting the required subsidy to the Western Union Telegraph Company has been placed on the Canadian Estimates. This is equivalent to saying that the sum is voted and the people of British Columbia may congratulate His Excellency the Lieut Governor and themselves upon the fact that the communication will be maintained.

We glean the following from the *Colonist*: Mr A S Hall of Mr M berly's party of Railway Surveyors left Jerry Creek on the 1st of March and reports that every claim on the creek was paying largely. The Montgomery Company took out $1 100 the last week. The pay is found in the bed and benches and is improving. On Wild Horse the prospects are about as usual. Montgomery is expecting four men up to prospect Bouchet river nearly opposite Howe's Pass. The pack animals belonging to the survey wintered at the Columbia Lakes, head of Columbia river and came out fat. The horned cattle also came out all right.

THE TERRITORIES

The Seattle *Intelligencer* says: Col Morris is busy organizing several parties of Engineers for the summer work. Mr Ward who has been in charge for a year past of surveys in this region will run a line from Lake Chelan to the pass of Coeur d'Alene. Other parties will thoroughly explore the Skagit pass so that by this time next year the momentous question of Terminus will be settled.

The Walla Walla *Union* says: We are informed by one of our leading merchants that within the next six weeks this market will be supplied with bacon from Chicago. He says that it can be laid down in San Francisco at ten cents per pound, in Portland at ten and a half and here at about thirteen and a half cents per pound. This will be a great reduction in the price as it now costs seventeen cents per pound.

A snow bound passenger on the Pacific Railway writes that they have lots of fun on their car, to wit: A woman who has fits every now and then and a young girl who is sweet on a dismissed navy cadet, and the two "spoon" all the time.

It is estimated that the rails of the Central Pacific road contracted at least a thousand feet last winter.

GENERAL NOTES AND NEWS

About $11 140 000 of the called bonds have been redeemed leaving only nine or ten millions yet out.

The Massachusetts House by a vote of "" yeas to 136 nays refused to order the woman suffrage bill to the third reading.

The operations of the Department of Justice are likely to stop unless the Senate passes the deficiency bill at once as the funds are all gone.

The Supreme Court of the United States has refused to issue a mandamus to compel the Secretary of the Treasury to pay the Kentucky war claims.

Robert Collyer was recently introduced to an audience as the reverend gentleman from where Chicago was—himself a large part of what was saved from the fire.

The Asiatic Commercial Company—a grand scheme, with many privileges and no responsibilities—was, March 21st, unanimously killed by the House of Representatives.

Gov Palmer, of Illinois, refuses to identify himself with the Missouri liberals, and don't want to be a candidate for President because he is a personal friend of General Grant.

Rodney V Marsh, author of the famous personal liberty bill of 1857, died at Brandon recently, from internal injuries received from the kick of a cow. He was 64 years of age.

Bath, Me., foots up a claim for about $300,000 damages on account of extra insurance on shipping during the war, and these are a part of the "indirect damages" claimed at Geneva.

The Scranton, Pa. lodge of the Knights of Pythias recently determined to dub Francis Williams a Pythian knight, but during the ceremony of initiation it was discovered that the Francis should be spelled Frances.

A writer says that more than 150,000 acres of the best timber in America are cut every year to supply the demand for railway sleepers alone. In a single year the locomotives of the United States consumed $60 000,000 worth of wood.

The total number of hogs packed in the West for the season just closed was 4 520 555, against 3 695,241 the previous season, being an increase of 1,120 304. Of the number packed in Illinois, 1,570,527, Chicago packers making returns of over 1 200 000.

A Democratic paper in New Orleans says that the colored people of the South last year produced commodities valued at two hundred millions of dollars. A few years ago the same journal used to argue that they would never work unless a lash was laid upon their backs three or four times per day.

From September 1 1871, to January 1 1872 the revenue from spirits tobacco, fermented liquors banks, income tax and stamps, increased $4 687 892 as compared with the same time in the previous year. A comparison of the same period shows a decrease of $6,730,617 by the removal of various taxes.

The bullion production of the Pacific States and Territories for 1869 and 1870 averages from $70 000 000 to $75 000 000. There is reason to believe that last year it reached $80 000 000, and there is good ground for expecting that this year it will aggregate from $90,000,000, and may possibly reach $100,000,000.

The Democrats on the 1st instant carried the municipal election at Cincinnati by about 2,000 majority. The Council stands 26 Democrats to 22 Republicans, the Board of Aldermen 15 Republicans to 9 Democrats. The press unite in saying that it cannot be claimed as a partisan victory, but is simply an expression of popular disgust with the management of city affairs.

The following States have already declared for the re-nomination of President Grant: Pennsylvania Indiana New Hampshire Maine Georgia and Iowa, and the States of Ohio, North and South Carolina Kentucky, Tennessee, Arkansas Virginia, West Virginia, Maryland, Mississippi, Florida, Texas, New York, Massachusetts, Alabama Louisiana, Nebraska and Missouri, will doubtless insist on his re-nomination.

The Missouri *Democrat* having originated the title "Possumite," as used in politics feels called upon to say: "In a sketch of the 'possum as an article of diet we find it stated that, in order to insure a flavor, the animal should, after the fatal use of a shot gun, be suspended from the kitchen window that it may be thoroughly permeated with freeze. The Democratic 'possum has been out in the cold so long and through so many changing varieties of season, that we presume this little preparatory regulation need not be strictly observed as to it. The frost of twelve winters must have thoroughly seasoned it."

Corporations and "Vested Rights"

Two or three days since the *Herald* in one of its heavy articles, rose to this climax of absurdity:

The Republicans claim that when a railroad company gets a charter from the Legislature that charter carries with it a vested right belonging to the company which places it above and beyond the control of law; that the company becomes by virtue of such act of incorporation, virtually a sovereign power, that it can do just as it pleases in all matters appertaining to charges for transporting freight and sundry other matters, and that there exists no power on earth to say it nay, however unreasonable and despotic its acts may become. Now if this be true, if a railroad company is above and beyond the reach of law, then is it a sovereign power.

The *Bulletin*, noticing this gave the following conclusive reply which the *Herald* finds it convenient to take no notice of:

We do not know what the Republicans claim—nor do we care. If the Republicans claim that railroad companies obtain "charters" from the Legislature in Oregon, their ignorance of the law is quite as profound as that of the editor of the *Herald*. A "charter" to a railroad company being a special privilege or immunity, is prohibited by the Constitution of the State and the Legislature has never granted one. The only charters permitted under our Constitution are such as are granted to municipal corporations, towns and cities. Railroad companies and all other private corporations are organized under a *general* law, which offers its benefits and privileges to each and every citizen of the State without reservation or distinction of persons. Being therefore such a general grant of power to any and all the citizens of the State for any and all manner of business purposes the act of organizing three men into a private corporation can in no sense of the term be considered a special privilege or franchise. The corporation becomes then not the creature of the Legislature but the creation of the citizen by his voluntary and direct exertion and appropriation of a power granted to every citizen, and is in no sense reduced or monopolized by his appropriation of such power. And therefore a private corporation in Oregon so far as its rights and duties in the transaction of the business for which it was organized is placed on the same footing with private individuals. As common carriers corporations have the same rights to fix and alter their rates for transportation as private individuals, no more no less. If you cannot dictate to a private individual his rates for transporting freight and passengers then you are also prohibited from exercising the same authority towards a corporation.

The reward of ten thousand dollars offered by Lady Franklin for the journals or other records which may be found of the ships *Erebus* and *Terror* of Sir John Franklin's expedition of 1845 which records are believed to have been deposited near Point Victory, King William's Island by the last survivors of the expedition has attracted much attention among sea captains and whalemen. Captain Chapel a whaleman living at Hudson, N. Y., has visited Rear Admiral Inglefield, of Her Majesty's Legation at Washington, and Mr Henry Grinnell, the referees in America, and proposes to organize a company to make a whaling voyage to the Arctic regions, and combine with it a search for the records. Movements of a similar character are also on foot in other quarters.

LAST NIGHT'S DISPATCHES.

[SPECIAL DISPATCHES TO THE OREGONIAN.]

WASHINGTON CITY,

The French Arms Investigation

WASHINGTON, April 9.—The Senate Arms Committee have examined twenty witnesses. None of the testimony is of particular importance. F W Peck was called and examined by Schurz at length. In reference to a Mrs Mason, through whose influence Prout expected to buy arms, it appeared from Peck's testimony that the woman said she could buy arms. He made an agreement with her by which she was to share any contracts she obtained, but she failed to get any. In the course of further examination, the witness said Belona, French Chargé d'Affairs, and Marquis De Chambrun raised all this muss to create sympathy for M. Place, that Chambrun told him he did not believe Place guilty. Chambrun said that if he and witness had met long ago in New York, this investigation would not have happened. The Marquis said, referring to business in France, that he was very sick of it.

Adjourned.

A Washington special says it is understood that the French Chargé d'Affairs, M Belona, has been recalled at the request of our Government, in consequence of his addressing a sharp note to Secretary Fish, on matters growing out of the French arms investigation.

WASHINGTON, April 9.—On motion of Dawes the Speaker was authorized to appoint a committee of three to co-operate with the committee of arrangements for the memorial services in honor of Professor Morse.

Hill from the Postoffice Committee, reported a bill providing for a system of penny postal cards. The bill directs the Postmaster General to furnish cards to cost not exceeding one cent including postage, size, three and a half by six and a half inches face to be used exclusively for address and the reverse side for communication. All cards containing vulgar, obscene or scurrilous matter to be excluded from the mails, and the sender punished by fine or imprisonment. The bill after discussion was amended by requiring the Postmaster General to advertise proposals for furnishing cards, to award the contract to lowest bidder, and providing that the card shall have a clasp or cover. Bill passed.

The bill revising and amending the laws relative to mints, assay offices and coinage was taken up. Hooper, who reported it from the Committee on Banking and Currency addressed the House in explanation. The bill was taken up by sections.

Brooks moved to strike out the first section, and declared that the consideration of the bill was a farce when no coin is in circulation.

The motion was rejected, and after considering seven of the sixty nine sections the House adjourned.

The Senate discussed the bill to lease the Presidio military reservation to San Francisco for a public park, and recommitted it to the Military Committee.

From San Francisco

SAN FRANCISCO, April 10.—The norther' continues although not so strong. During the last three days several vessels have been lying in Drake's Bay to avoid the gale.

The veterans of the California Hundred held their annual election and banquet last night.

James McKinzie, the pioneer stage-driver of this State, died in Rhode Island, aged 68.

The new spectacular drama of the "Palace of Truth" was produced at the California Theater this evening, in a style surpassing anything ever attempted heretofore. The scenery is a marvel of art, the costumes magnificent, and the play itself, for a wonder, really meritorious.

Lotta has succeeded so well at the Metropolitan Theater that the new management have engaged her for a season of four weeks. The house is as crowded as ever to night. She will be succeeded by Maggie Mitchell.

Poker rooms with all of the modern improvements have taken the place of faro banks since the police raided on the latter. A dozen establishments exclusively devoted to poker games have been opened in different parts of the city within a few weeks, and are liberally patronized. The police say the law, as it now stands, covers nothing but banking games, which makes poker a lawful amusement, and they have no right to interfere unless conspiracy to cheat and defraud a particular party can be proven, which is a hard thing to accomplish.

The Stock Board was engaged over two hours this morning in calling Comstock stocks only, Eastern Nevada, California and Idaho lists not being reached at all. The sales aggregated 33,393 shares, which is the largest number of Comstock shares ever sold at the Board in one day, and prices touched a higher point than ever before reached.

More Earthquakes.

VISALIA, April 10.—Earthquakes still continue. Several sharp shocks were felt this morning between three and four, and yesterday morning at seven o clock. This evening there was quite a sharp shock of extraordinary length. The general direction was from south to north. The continuance of the shocks excites much anxiety for Owens' Valley, where it is believed they are severe.

STOCKTON, April 10.—A slight shock of earthquake was felt here to night.

SHORT PARAGRAPHS

It is to say the least cheeky for the corporal's guard of "Liberals," to tell the Democrats, without whose help they would not have the slightest political significance, that it won't do for them to be poking around the Cincinnati Convention.

The Prescott *Miner* of March 23d has this summary of Indian outrages in Central Arizona within a week: "Government fed savages killed a Mexican within sight of Camp Verde, robbed the citizens of Williamson's Valley and Upper Lynx Creek of several animals, and threaten to attack and capture Camp Verde. The situation around Prescott is dangerous. The savages are hovering around the settlements."

The New York *Times*, speaking of the now famous artist of *Harper's Weekly*, says: "The qualities which a man has shown in life Nast manages to throw in his face. The sensuality and greed of Tweed and the cunning of Sweeny were to be read plainly enough in Nast's drawings of them. It is his power of accurately describing men in a picture which renders Nast so formidable."

An American mechanic has just gone to England with a model of a fort, which he claims will silence any iron-clad now floating. It consists of a conical or hemispherical turret, made of iron of such thickness as to withstand the heaviest shot that can be thrown against it. There will be port-holes which can be closed with iron when the guns are being loaded, and it is worked similarly to the turrets on the monitors. Our Government refused to pay him anything for his notion.

The accuracy of the annual Republican canvass in New Hampshire just before election has become proverbial. This year it was more strikingly illustrated than ever. The canvass gave Straw 38,141, and Weston, Blackmar and Cooper 36,965, being a majority for Straw of 1,176. The actual vote was—for Straw, 38,814, and for the others 37,589—Straw's majority being 1,225, forty-five more than was claimed by the canvass. It seems almost incredible that so correct a canvass could have been made.

The dimensions of the Grand Jubilee Coliseum in Boston has been definitely fixed upon. It is to be 550 feet in length by 350 feet in width. The height in the clear between the parquet and the center of the roof will be 140 feet. The roof will be supported by 22 arches of 400 feet span, resting upon piles, from which will arise the exterior walls of the structure. The galleries will be 75 feet wide on the two sides and end fronting the orchestra. The building will stand only one year, and will be built more for utility than beauty.

FURTHER EVIDENCE OF SKILL.

A Pea Successfully Extracted from the Ear, after having been Imbedded against the Drum of the Ear for Eight Months.

PORTLAND, April 8, 1872.

To the Public:

I hereby certify to the skill of Dr. Aborn in the treatment of my son. In August last he got a large pea into his ear. Physicians were [illegible] The pea soon [illegible] inflammation, and a fungus growth spread over the pea and filled up the ear, and of late a bloody discharge came from the ear and I [illegible] greatly alarmed about his [illegible] After satisfying myself that Dr. Aborn was skillful in all such cases, I applied to him, on Wednesday last, with my son, and placed him under his care. He destroyed the fungus growth, so as to make a way back to the pea, and on the fourth day he succeeded in removing all the fungus growth and the pea out of the ear. Then by the aid of his scientific instruments we could plainly see the pea embedded against the drum of the ear. The pea was removed the same evening, without pain. The hearing in that ear, which was destroyed, is, now, by his treatment restored, so that he can hear a watch tick. Only for the timely aid of the skill of Dr. Aborn I feel satisfied that my son would have lost his life. It was [illegible] the card of Capt Pease that I applied to Dr Aborn, so I give this card to the public with the view that it may be the means of benefitting some one.

GENERAL PROSTRATION OF THE WHOLE SYSTEM.

JACKSON POWELL, of Powell's Valley Oregon

To the Afflicted—To all who are afflicted that they may know where to find that great prize—Health, I make the following statement of facts concerning my case.

For fifteen years I have been afflicted with Nasal Catarrh, at times so that I could not breathe through the nostrils, accompanied by a terrible discharge. The disease worked its way down my Throat and Lungs so that of late I have nearly lost my life. I had almost a constant cough with it. I thought I could not live through the winter. When I applied to DR ABORN last November my whole system was [illegible], I did not expect to live through the winter. Thanks to DR ABORN'S skillful and scientific treatment, I to-day look and feel like a new man. I am entirely cured of the Asthma and Bronchitis. My nostrils are free, appetite good, flesh solid and healthy, and I have gained fifteen pounds and have been able to work on my farm for several weeks past. I have had the pleasure of witnessing several remarkable cures performed by DR. ABORN, and am fully convinced that he possesses rare ability and skill in the treatment of Chronic Diseases. THURSDAY MORNING, APRIL 11, 1872

Average Democratic Campaign Matter

For sheer silliness the leading articles of the Democratic organ of this city have of late borne off the palm from all arrogant competitors. One article has followed another in rapid succession, each one more silly than its predecessors, and made up of statements and deductions that would be received with explosions of derisive laughter if delivered before any country debating school in Oregon or anywhere else. One day the inquiry is put whether the farmers of Oregon want to concede to any one man the power to regulate the size of their half-bushel; another time the question is asked, with serious earnestness, whether the people or corporations are sovereign. Anon the Republican party is attacked because freight to San Francisco is now five dollars a ton, whereas it has sometimes been carried for three, or even for one. To-morrow, in all probability, the "Radicals" of Oregon will be severely denounced because of the recent rise in the price of pig iron. The "organ" of late seems to have an invincible repugnance to common sense. Its faculties have suffered an eclipse from a "transportation king," and it will be in a bad way till after the election.

Beyond doubt the "organ" is resolved to deal exclusively in humbugs and unrealities. Its weak fancy has conjured up the specter of an alliance between the Republican party and a "transportation king." Thinking this a good enough thing to harp on till after the election, it devotes nearly its whole time to it. Frightful dangers to the public welfare pass one after another before our neighbor's disordered vision. The denunciation by the Republican Convention of the "favoritism" by which seventy-five thousand dollars were thrown away on the Canal and Locks is interpreted by our seer as "an act of subservience to the transportation king." It can find no other way of defending a job which was infamously corrupt, and which, in the way it was managed before the Legislature, can never be defended on its merits.

Day after day it is charged against the Republican party that the transportation of Oregon is in the hands of one man. Suppose this to be so, what is any political party going to do about it? What has any party to do with it? It is pretended that if the Republicans carry the Legislature they will "either take measures for the total defeat of the Canal and Locks, or do something else whereby the enterprise can be brought within the grasp of the transportation king." This is utterly silly. The Canal and Locks Company have contracted with the State for the completion of these works. The bonds of the State to the amount of two hundred thousand dollars have been issued to the Company. In turn the Company have given their bond for the performance of the contract. No subsequent Legislature can impair the Company's rights. Nor ought any subsequent Legislature to release them from their obligations, or to grant them an additional subsidy for performing what they have undertaken to do for the subsidy already granted. What, then, has this matter to do with the next Legislature? Nothing. The organ's talk is sham and nonsense, just as its talk about regulating freights and fares on railroads to Portland and by vessels to San Francisco, has been.

It has been shown repeatedly that the matter of fares and freights has nothing whatever to do with a political campaign, because fares and freights in this State cannot be regulated by legislation. But since this question as to rates of transportation has been lugged into the campaign, we have taken occasion to show by authentic tables that wheat is delivered at Portland by railroad at as low rates for transportation as at Chicago, and that the general rates for freight on Oregon railroads are but little in excess of rates on the railroads of Massachusetts. There is no answer to these facts. So the "organ" ignores them and fills its columns with balderdash for the supposed delectation of its readers, thinking such stuff good average Democratic campaign matter.

The Duty on Wool.

A few manufacturers in New England have published a circular, in which they remonstrate against the duty on wool. The *Herald* prints this circular for proof that protection does not protect, but oppresses manufacturers. It argues therefrom that "even the manufacturers themselves, in whose interest protective tariffs are said to be made, are beginning to discover from bitter experience that the whole system is founded in error."

We have read the circular carefully and find it rather a plea for abatement of duties on different articles (other than wool) which enter into or are used in the manufacture of woolen goods, than a demand that wool itself be let in free of duty. The history of this circular is that it was sent round among all the manufacturers in New England, and but a very few would consent to sign it. To be a thorough free-trader a man must be a theorist and doctrinaire, and it is no more strange that a few of this class should be connected with manufacturing, than that they should be found in other pursuits.

Protective tariffs are not made altogether in the interest of manufacturers. They are made in the interest of agriculturists as well. A result of the high price of wool is that those who are engaged in sheep husbandry are making money fast. Owners of flocks in Oregon are in a position to appreciate this fact. They are getting for their wool two or three times as much as ever before. Do *they* complain?

It is a mistaken idea, however, to suppose that the present high price of wool is due wholly to the protective duty. It was said a while ago that a tyrannical system was keeping unreasonably high the price of iron. A material reduction of the duty was made: yet pig iron has steadily advanced till it is now ten to fifteen dollars a ton higher than it was under a higher duty. It might, and perhaps would, be a temporary advantage to manufacturers of woolen to have the duty on wool abolished, but in the long run it would be injurious. In the end it would be disastrous to manufacturing interests. Our present system gives stability to our market and enables our own people to control it. With wool let in free of duty, both the manufacturer and wool grower would be subject to the caprice of foreign operators, and both industries would ultimately perish together.

The manufacturer who, for the sake of temporary advantage, would have wool let in free, would sanction a very short-sighted policy. The abatement of price which would thereby be obtained would be no compensation whatever for the competition which would shortly ensue with the cheap capital and cheap labor of the Old World. Such a policy would be about as short-sighted as that of certain Indians who have been known to eat their seed potatoes in planting time in order to get the good of them.

Some days ago a telegraphic dispatch stated that the Chaplain of the Massachusetts Legislature had been "called to order" for praying for woman suffrage. Here is the prayer. Readers will be able to judge of the taste displayed in it. We are sure that we haven't seen anything so worthy of the sainted Chadband since we last read *Ginx's Baby*.

"The earth is Thine, O Lord, and the fulness thereof, the world and they that dwell therein. And now another of the world's great questions presses into this chamber for an answer. What can we do for woman? And clamor answers, "Let her vote." Clamor answers again, "Don't let her vote." Clamor thunders, Clamor whines, Clamor prays, Clamor jeers. Shall we hear the jeer of Clamor? God forbid! If there be any stain of a right withheld from those bright, blessed beings, who, as mothers, wives, sisters, daughters, companions, friends, make up so much of the happiness of the commonwealth homes, give us wisdom clear enough to see, and will strong enough to expunge that stain from the records of our otherwise prosperous State."

The result of the recent elections has induced the Louisville *Courier Journal* to engage in a little healthy retrospection, as witness the conclusions: "The Democratic party lost its power through its corruptions. The last four years of our ascendency at Washington were years of wanton self-elation and wicked folly. The result was the revolt of the moral against the material nature; a combustion; a division; ruin and civil war." Coming down to present prospects, it says: "As a rule the idea of coalition is intrinsically weak, as well as corrupting. It smells of intrigue. It is shadowed by the memory of disasters. The Democratic party has nothing to gain, but much to lose, by tampering with the Liberal Republicans."

Rev. C. M. Blake, a gentleman who was a chaplain in the army during the war, and is understood to cherish a "personal grievance" against Gen. Grant, growing out of something that happened then, proposes to speak at several points in this State to show why Grant should not be re-elected President. It appears that "the man with a grievance" lives also in Oregon.

Somebody is writing up in the Fort Wayne (Indiana) *Sentinel* a series of sketches of old times at that place. Among the names mentioned in connection with the early history of the place is that of John Whiteaker, "a gentleman of fiddleistic talent, who in after years turned up on the Pacific coast and became Governor of Oregon."

The *Herald* directs attention to Governor Grover's appointments for speaking, and adds: "Seldom are issues so momentous presented for the consideration of the people." Just what Grover said two years ago when he made a tour of the State humbugging and demagoging on the "great Chinese question."

LETTER FROM THE DALLES.

THE DALLES, April 9, 1872.

The materials which are to make up the Democratic State Convention are here—most of the delegates west of the Cascades arriving this afternoon. And with them came the aspirants;—"Wheresoever the carcass is, there will the eagles be gathered together," or words to that effect.

The crowd on the boat spent the time in "buzzing" one another and—in visiting the bar. We had on board four *prominent* candidates for Congress and two for the Senate, with various lesser lights revolving about them, intimating that if they were *pressed* into the service of the dear people by an urgent, irresistible call, "Barkis is willin'." With so many office-seekers and about twenty five delegates, there was, as you suppose, more "buzzing" among them than there would be by a swarm of flies around a molasses bung-hole.

Ben Hayden, the great unwashed, from Polk, had provided himself with a clean shirt, but disdained the idea of wearing a collar. His face had also been washed and his hair cut and combed. So you may know what a mighty effort he is making to get to Congress. He takes things very good humoredly, but has been making some very severe "digs" at the occupant of the gubernatorial chair. Some one inquired of him, this morning, if Gov. Grover was on board, when he answered, "I am not his keeper." "How is it, Miller?" said he, turning to the latter. The look of disgust that passed over Miller's face, can better be imagined than described, as he turned away, *declining* to answer the question.

Helm, the Lion of Linn, looked as usual, rather morose and sullen, seeming to wish it understood that he *roared* defiance at all opposition. He is anxious to get the nomination for Congress, but will receive but few votes on the first ballot and none on the second.

Burnett, the "Young Benton" of Benton, is working energetically for the position, but he is so indiscreet as to wear for his overcoat that same old "soldier's blue" that he wore years ago. This is enough of itself to kill him with this Convention. It reminds them too much of the "Lincoln hirelings" of the past.

Col. George K. Shiel, whom you will probably recognize as the gentleman who was in Portland on St. Patrick's day, is also a candidate, but just how much strength he can command we are not advised.

As yet there seems to have been no slate fixed up. One thing, however, seems to be certain, that is, the Convention will go the ancient Democracy, straight. They won't take any *possum* in theirs. The eternal principles must not be gone back on, you know.

As things are to-night Mr. Slater stands much the best chance of the nomination for Congress. He will receive the unanimous vote of this section on the first ballot, with a very large vote from the Willamet. But there is no telling what a day may bring forth. He is not here to press his claims, and as Grover and Nesmith are both here trying to trade themselves into the Senate, Slater may be sold out before morning.

The Democratic County Convention was held to-day, and endorsed the *ancient* principles straight through. The following is their ticket for Wasco county: State Senator, —— Monroe; Representatives, Robert Grant and Thomas Stephenson; Sheriff, Schutz; Clerk, A. Holland; County Judge, N. H. Gates; Treasurer, J. Dougherty; County Commissioners, E. Wingate and W. H. McAtee; Assessor, John Cates. Republicans say that it leaves out the old and tried workers of the party, and is an easy ticket to beat. The Republicans feel very confident of success in this county.

The present activity in Chicago is a happy commentary on the business enterprise and courage of her citizens. A late number of the Chicago *Tribune*, after a survey of the work in progress and in contemplation, estimates that in one year from the date of the fire three-fourths of the whole business district of the south division will be either rebuilt or under contract for rebuilding, and in two years it will not only be wholly built, but the average character of the [illegible] will be much better than before the destruction. The prices of real estate [illegible] gradually in all parts of the city, and [illegible] are very numerous at the ad-

THE POSSUMS IN CONVENTION.

BY TELEGRAPH FROM THE DALLES.

DALLES, April 10.

The Democratic State Convention met here this morning. The town is full of delegates from all parts of the State, and there is not a county unrepresented.

The Convention met at 9 o'clock, and was called to order by Ben Hayden, Chairman of the State Central Committee, who made one of his characteristic speeches, and declared that the time for the Democrats to get into office had arrived. Ben used choice adjectives in alluding to his political opponents, and when he concluded, washed out his mouth and took a drink of water.

Hon. James W. Nesmith was, on motion, elected temporary Chairman, and on taking the reins of government in hand, made a few appropriate remarks, declaring his confidence in the Democratic party to carry not only the State of Oregon, but the entire United States at the next election.

Mart. V. Brown of the Albany *Democrat* was then elected Secretary. Mart. wanted to make a speech, but was squelched by the Chair in a manner that left Mart. as mad as a March hare.

Ben. L. Norden was elected Assistant Secretary, and O. S. Savage was honored by being chosen Sergeant-at-Arms.

A motion for the appointment of a Committee on Credentials having prevailed, the chair appointed on that committee Messrs. Miller of Marion, Gates of Wasco, Fruit of Umatilla, and Morrison of Clatsop.

A Committee on Permanent Organization was then called for, and the following gentlemen appointed to compose it: Messrs. Avery of Benton, Colby of Marion, Carroll of Multnomah, Brown of Baker, and Thompson of Lane.

The Convention then adjourned until 1 o'clock P. M.

AFTERNOON SESSION.

The Committee on Resolutions submitted their report, which was adopted.

The Committee on Permanent Organization and Order of Business reported as follows: President, James W. Nesmith; Secretary, Mart. V. Brown; Assistant Secretary, Ben. L. Norden. Order of Business—First, appointment of Committee on Resolutions; second, nomination of Congressman; third, nomination of three Presidential Electors; fourth, selection of three Delegates to the National Convention; fifth, appointment of State Central Committee; sixth, selection of the place of holding the next State Convention; seventh, ratification of the District nominations.

Upon taking the Chair, General Nezmith delivered an able and eloquent address.

The Committee on Resolutions consists of one from each county, with ex-Governor Curry as Chairman.

The Convention here took a recess till four o'clock. It is highly probable that the Congressman will be nominated this evening, and that Mr. Burnett will be the man.

[The above dispatch is taken from the *Bulletin* of last evening.]

OREGON.

Caleb Chapman had his hand crushed at Salem, a few days since, while hauling stone.

The population of Josephine county is increasing rapidly on account of the expected coming of the "iron horse."

The Tuesday morning train from this city collided with a bullock, near Turner's Station, and made beef of him.

The question of moving the county seat of Josephine county to Slate Creek or Applegate is being agitated much.

The delegates from Anniversary Lodge, I. O. O. F., at Salem, to the Grand Lodge, are: J. A. Baker, W. L. Wade and B. F. Drake.

A lad at Jacksonville last week attempted to fire off a metallic cartridge by striking it with a stone. They bandaged his other three fingers.

G. W. Lawson wants to be elected to the Legislature from Marion county, says the *Statesman*. How many of the voters of that county want him elected?

A horse thief had untied two of Mr. Orth's horses and was just about to lead them out of the stable in Jackson county a few days ago, when the hostler met him at the door and chased him into the granery, whence he succeeded in making his escape.

The reporter of the Salem *Statesman* says he received the following notice a few days ago: "Mebbe you don't better had loaf around here wen you don't cot some beerness. Ain't it?" We would advise "ye local" to keep off the premises of that man.

The Jacksonville *Times* is informed that the Modoc Indians have secret emissaries at work among all the different tribes of southeastern Oregon trying to induce them to attend a grand pow-wow east of the mountains. They are circulating superstitious stories of meeting all the dead Indians there in council, in order to work on the credulity of the peaceably disposed Indians.

A correspondent at Hillsboro sends us the following: Grouse are abundant. Bad colds are prevalent. Trout fishing in the Tualatin river is good, and many fine fish of this variety are caught. The Good Templars of Hillsboro propose to have a grand festival at the Court House in that town next Saturday evening, the proceeds of which are to be applied to furnishing their lodge room.

The Modoc Indians of Lost river have for some time past been giving the inhabitants of that region a great deal of annoyance. Recently they have become more than usually troublesome—killing cattle and being very impudent to the whites. Colonel Otis, of Camp Warner, received orders to attend to the matter, and arrived at Link river, a few days ago, in command of forty mounted men. These will soon be followed by seventy more. Colonel Otis gave the Modocs ten days to return to their reservation, and the Klamaths, who were fishing on Link river, three days. The Klamaths immediately obeyed, but the Modocs left for the mouth of Lost river, where they held a war dance. There is one company of cavalry and one of infantry at Fort Klamath, which, together with Colonel Otis' command, will very likely make it warm for Mr. Lo, should he attempt any violence. We learn that it is the intention of Colonel Otis to encamp in the vicinity of Lost river, the coming summer, for the protection of the settlers.

A Lafayette correspondent furnishes the following: "The Circuit Court convened here yesterday, Judge Bonham presiding. There are about sixty cases on the docket, the hearing of which will perhaps consume the most of two weeks. There was a temperance lecture last evening. Speaking this evening by Judge Boise and others. Mrs. Duniway is announced for to-morrow evening. The next evening, I understand, some one is to tell us why General Grant should not be re-elected. I don't know what next, perhaps some one will tell us why Jeff Davis should be. There is a strong feeling existing among many of the prominent and more intelligent Democrats in this county adverse to that party, on account of the *venality* of the last Legislature. They say they have enough of Democracy in Oregon, and publicly denounce the whole organization as the legitimate offspring of Tammany. The political contest here promises to be warm and sharp—both parties claiming to be sure of success. The Democrats are accused of having resorted to many dodges to obtain votes, but perhaps not to the extremity of offering to buy Republican votes outright, as some have done in Columbia county.

A FEMALE.—A press reporter lately telegraphed that "a female" had applied to the Governor of Ohio for a commission as a notary public, that she was a graduate of Heidelberg, was in every way qualified, but that under the laws of Ohio such a commission could not be issued to "a female," whereupon an indignant Buckeye editor remarks as follows:

"What sort of an animal, we wonder, is he talking about? Is it a cow, or a mare, or a she bear, or a woman? Do the laws of Ohio give commissions to 'males?' Do all 'males' apply for them, or only horses and men? What sort of 'females' study at Heidelberg? We have known some colleges to receive and instruct asses, perhaps the telegrapher is one of them. But we supposed they were all 'males.' Will somebody explain?"

THE DALLES CONVENTION.

(By O. S. N. Co.'s Line.)

THE DALLES, April 10—11 P. M.

The Committee on platform reported. The platform consists of nine resolutions. The first favors a strict construction of the Constitution, and protection of individual rights. Sixth, says that the rights of the people are superior to the interests of monopolies. Seventh, favors the appropriation of money from the sale of Swamp lands to internal improvements. For Congressman, on the first ballot, Helm had 30, Hayden 21, Burnett 12, Slater 13. Sixth ballot—Burnett, 71; Helm, 47.

For Presidential Electors, L. F. Lane, Helm and Gates were nominated.

Adjourned.

The *Sentinel* says: We learn from a private letter that the citizens of Link river were informed that two companies of cavalry had left Fort Klamath and would be in the vicinity of Link river on the 2d of April for the purpose of prosecuting a war against Modoc Jack and his tribe, and compel them to go on the reservation.

REMOVED.

The Office of THE DAILY AND WEEKLY OREGONIAN is removed to the S. E. corner of Stark and Front streets.

Washington County Republican Convention.

The Republican County Convention for the county of Washington will be held at the Court House in Hillsboro on Saturday, the 27th day of April, A. D. 1872, at 1 P. Still Another Remarkable Cure.

SAN FRANCISCO, Nov. 10, 1871.

DR. A. M. LOVEYS & Co.—For two years I was afflicted with Rheumatism, and tried all the known remedies, but experienced nothing more than a temporary relief, the disease always returning. Some months since I concluded to take your **Unk Weed Remedy**, and the result was a Speedy and Permanent Cure, the Rheumatism being entirely eradicated from the system. The "UNK" is also a Tonic of the very highest order. It increases the appetite, and invigorates the body. I cheerfully bear testimony to its good effect upon me, and feel sure that it will do all you claim for it.

Very truly yours,
J. W. TRIPP,

… man having reached he … yesterday af … there were some suspicious circum … connected with the death of the Chinese woman who lived near Alder street on Monday … Coroner Holding … the Chinaman … procured … competent … according … Doctors J C Ryan and … Kinney were … and held a post mortem examination. The stomach was taken out and the brain dissected. A competent chemist will analyze the contents of the stomach to determine if possible the presence of poison. The attending circumstances seemed to point to a Chinaman being in some manner connected with the death of the woman and he was arrested yesterday on a charge of having poisoned her. As the body is in advanced stages of mortification it will be buried by order of the Coroner at the earliest possible time. The inquest will be held at the office of the Coroner this morning at nine o'clock. The verdict of the jury will in a great measure depend upon the statement of the physician and the results of the analysis. The testimony of a number of Chinese will be taken. The following persons have been summoned as jurors: W E Tabbs, H Cook, Michael Doyle, Thomas Sullivan, A D Shelby and William A Daly. A D Shelby was appointed foreman by the Coroner. In this connection we are requested to say that the statement which has been repeated that the Coroner, after a partial investigation into the cause of the death of the woman did not deem an inquest necessary is erroneous. Official information respecting her death did not reach him until … day.

A NEW SOCIETY.—Now that political times are getting interesting, and societies of varied complexions are being organized for purposes of a political character, we have just heard of the organization of a model Society in this city. It is not a Humane Society such as one For the prevention of Cruelty to Animals nor yet one that contemplates the improvement of "Society at Large." Its object and mission is purely for "Self." The Society is called The Get all you Can and Give Nothing. It has for its principal object the promotion of the interests of the individual members thereof. The name of this model association of congenial spirits is significant, and is a brief epitome of its cardinal points of doctrine. As for the matter of creed the Society has no well defined limits in that direction. It is a band of brothers, each working for himself. The rules of the organization are few but are rigidly observed. One of the strong prohibitions of this "Order of Self" is that no member in good standing shall ever stand treat thereof but must by all the rules of decency as well as of the Society drink as often as he is asked. Many of the members have strong conscientious scruples against subscribing to this tenet of the order but these minor matters of conscience are overcome when the practical working of the order are demonstrated. The badge chosen by this Society is a string of twenty dollar pieces reaching from the point of the shoulder to the feet and the test of membership is a sufficient amount of … to take such … as often as asked. The Society at present has a large and flourishing membership in the city and is constantly receiving accessions to its numbers.

WATCH STOLEN.—The house of Mr J Kast on Sixth street, between Alder and Washington was burglarized on Tuesday night. The thieves raised a window which opened into the kitchen and thereby effected an entrance. In order to enable them to work with ease and expedition they took a neighbor's wash tub and placed it bottom up under the window. They then proceeded to go through the house in search of valuables. A … gold watch and chain hanging at the head of Mr Kast's bed was too severe a temptation for their cupidity, and was taken. Numerous articles of clothing on the center table in the parlor were scattered confusedly around the room but nothing was missed. When Mr Kast awoke … day morning, the first thing that aroused his suspicions was that the small night lamp which was usually kept burning all night was extinguished. He next reached out to find his watch, but that was no longer in its accustomed place. A further search revealed the fact that burglars had been about the premises. The watch and chain were gold and highly valued. The thieves were sharp and carefully avoided taking any article which would be likely to lead to identification.

SOLD FOR ONCE.—The sneak thieves who are so kind in their attentive calls to our citizens are generally pretty "sharp." We have just heard of an instance in the upper portion of the city wherein one of these very accommodating gentlemen got "sold" for once. He had penetrated to the sleeping apartment of a gentleman and after a thorough search could find nothing of value. Finally, he came across the slumbrous gentleman's trowsers in one corner of the room. He seized them as a rich prize and made a hasty exit. On reaching a place of safety the thief thrust his hand into the cavernous recesses of the pants' pockets of course supposing that a purse loaded with "circulating medium" was within his grasp. He searched, but in vain he discovered an old purse; he opened it at a glance he came, he saw he conquered, he mastered the contents, and what were they, gentle reader—a solitary ten-cent piece, and no companion to keep it company, was his only reward. That thief was sold. He has imbibed such a disgust at the calling that he now seriously meditates abandoning such a precarious means of livelihood.

AMICABLY ADJUSTED.—The following good story is told of a bachelor who does not reside more than two miles from this city. He had frequently been taunted for his "single blessedness" until human endurance could bear no more. He called upon a maiden lady of his acquaintance when the following sententious colloquy took place. Said the bachelor: "Miss, do you have any inclination to change your name or condition?" "No," she replied. "Neither do I Miss." So he turned on his heel and walked away muttering, "Thank heaven I've got that off my mind at last." He has not attempted to perpetrate matrimony since.

BROKEN.—The large pane of French plate glass in the Masonic Temple corner Third and Alder streets at the wholesale grocery store of Messrs Ande…, Horsfall & Co., was broken on Monday evening. The accident was caused by the window awning on the outside of the glass not being properly secured. During the heavy wind which prevailed that day the awning was blown up and suddenly twisted around. The end of the roller at the bottom was thrown violently against the glass, which was badly shivered. Loss about $…

HORSE KILLED.—A valuable horse belonging to Mr N Bird was so badly injured on last Monday that it had to be killed. Mr Bird was driving down the mountain south of the city with a wagon heavily loaded with wood. When about half way down the neck yoke suddenly gave way and the wagon dashed forward. One horse was thrown violently against a stump and his leg broken. It was necessary to kill the poor beast.

NO FOUNDATION.—Dame rumor is busy now in the circulation of false news. The report that the steamer *Jane Stewart* is being refitted for purposes of opposition on the lower Columbia is without foundation. The boat is not undergoing repairs, and no opposition is contemplated.

RECOVERING.—The friends of J H Reed Esq will be gratified to learn that he is rapidly convalescing and will soon be on his road home. Mr Reed … will be recollected met with a severe fall at Jacksonville some time ago by which he had two ribs broken.

WHARF REPAIRS.—That portion of the steamship wharf which fell in has been so far advanced toward completion that great … The piles are being piled on it. The end has been enclosed and the roof finished.

SABBATH SCHOOL CONCERT.—The First Congregational Church was crowded last night with an intelligent and appreciative audience at the Sabbath School Concert and Ladies' Festival. Under the efficient leadership of Prof Metzthen, the musical portion of the entertainment was a most decided success. The entire school in the rendition of the choruses and vocal solos evinced a high degree of proficiency and skillful training. We venture the assertion that there is not a better trained singing class of juveniles in the city. The Professor certainly knows how to teach children the art of correct singing. Everything passed off quietly and those who attended whiled away a very pleasant evening.

UNDER THE GASLIGHT.—This great sensational drama was repeated last night to a large audience. Shakespeare's great tragedy of Hamlet will be on the boards this evening. To-morrow evening Columbian Hose Company will be the recipient of a benefit. One of the best bills of the season will be offered.

BENEFIT TO COLUMBIAN HOSE.—Manager Waldron has tendered a benefit Columbian Hose No 3. The benefit will take place at Oro Fino Theater on to-morrow evening. The piece to be put upon the stage for that occasion has not been announced yet. A number of persons have already volunteered for the evening including some of the best talent in the city. This company has not been organized long and the benefit is for the purpose of raising a sum of money to enable the company to procure uniforms etc. All our citizens feel a degree of pride in assisting in the maintenance of the efficient fire department of the city and on this occasion it is expected that they will encourage by their money and presence the boys of Columbian Hose. The programme will be announced in time.

HISTORY OF THE BIRD CASE.—The following facts are sent us from Vancouver in relation to the somewhat well known case of the United States vs W B Bird now pending in the District Court at that place. It will be recollected that Bird is charged with having killed Lieut C C Cowan at Sitka about two years ago. Soon after the killing Bird was seized by a mob and after being beaten and kicked and dragged about the streets for a while was taken to the guard house through the intervention of the Mayor of Sitka and Mr T G Murphy, then publishing the Alaska Times. The next day he was taken before the Mayor's court, the jurisdiction of which was only concurrent with that of a Justice of the Peace, but his examination was proceeding and as yet incomplete when Gen J C Davis arrived and refused to deliver the prisoner over to the civil authorities, on the ground that the Mayor's court had no jurisdiction. Bird was afterward sent to Vancouver, tried by a Court Martial and sentenced to fifteen years imprisonment in the California penitentiary. The findings of the Court Martial were returned unapproved by the Secretary of War on the ground that said court had no right to try or convict a private citizen. Bird was then ordered to be taken back to Vancouver and turned over to the civil authorities for trial. At the last term of the District Court at that place his counsel moved for a postponement which was granted. This week the attorney for the prosecution moved the court to continue the case until the October term. The court took the matter under advisement, and had not yet passed upon it. Mr Bird has now been imprisoned on this charge nearly twenty six months and it certainly seems that he should be tried as soon as consistent with the ends of justice.

The Idyl of Battle Hollow

War Time [illegible]

No, I won't—that now [illegible]
And [illegible]
And [illegible]
A [illegible] of the Major
[illegible]
Then [illegible]

[illegible] fight and I am [illegible]
[illegible]
And [illegible]
And Jinky and Billy [illegible]
And [illegible]
But [illegible]

And I saw [illegible]
But [illegible]
And [illegible]
As [illegible] was [illegible]
And I [illegible]
When up comes the Major a cantering [illegible]

When he saw me [illegible] in his [illegible]
On the [illegible] saddle and—what [illegible]
But comes [illegible] where I sat and he [illegible]
And he says—well [illegible] ain't any [illegible]
'Twas won [illegible] lishness sure but [illegible]
That he asked for a drink and [illegible]

Then I said I was mad [illegible] For the [illegible]
You're too big and must stoop for a kiss [illegible] as bad—
You ain't near big enough." And I turned in a huff
When that Major he laid his white head on my [illegible]
And he says "You're a trump Take my pistol [illegible] fear
But shoot the next man that insults you, my dear"

Then he stooped to the pool very quiet and [illegible]
Leavin me with that pistol stuck there [illegible]
When there flashed on my sight a quick gleam [illegible]
From the top of the little stone fence on the right
And I knew it was a rifle and back of it all
Rose the face of that bushwhacker, Cherokee Hall

Then I felt in my dread that the moment the head
Of the Major was lifted the Major was dead
And I stood still and white but Lord gals [illegible]
On my care, that derned pistol went off in my fright
Went off—true as Gospel!—and strangest of all
It actoolly injured that Cherokee Hall

That's all now go long Yes, some folks thinks it's wrong
And thar's some want's to know to what side I belong
But I says, "Served him right!" and I go all my might
In love or in war for a fair stand up fight
And as for the Major—sho gals, don't you know
That—Lord!—that's his step in the garden below
—*Bret Harte, in Atlantic Monthly for April.*

"I organized the first Sunday-school in this country, and ran it myself," said a shrewd but dissipated Wisconsin lawyer. "A few of us Americans came here early. We wanted to get in decent, industrious settlers and keep the rowdies out. So I said, 'A Sunday-school will draw the folks we want. It will be the cheapest and best way to blow for the settlement.' They all agreed to it. There wasn't a soul of us that pretended to have a grain of piety. So they picked on me to carry out the plan. I did it—sending to Mr. Rice, of the American Sunday-school Union, for a library, and ran the school all summer. It did the blowing for us splendidly. Several Christian families came in and, as they had a better stock of piety, I handed the Sunday-school over to them. It was a good thing for us. We secured a good, moral settlement. In fact, sir, it got to be so pious that I couldn't live there myself."

A candidate for the honorable office of alderman, when getting his matutinal shave on the morning of election, extracted from his barber a promise to vote for him. But what was his chagrin, when said barber walked up to the polls, to see him pass in a ballot for the opposing candidate. The next day he called his barber to account. "Didn't you promise to vote for me?" The tonsorial gentleman acknowledged that he did. "But why did you vote against me, then?" "Why, I shaved the other man last!"

A blooming Burlington widow of three score and ten a few days ago married a gushing youth of but half that age, and the first to congratulate the bridegroom was her son, over whose head had passed the winters of half a century.

A Hartford burglar was lately frightened out of his scheme of robbery by the sweet simplicity of a solitary spinster, who, putting her night-capped head out of the window, exclaimed, "Go away! ain't you ashamed!"

In the Domestic Produce market there are no features worthy of [illegible]. Quotations are without change.

Since arrival of ocean steamers, immense freights are going up the Columbia.

In Wool prices hold up stiffly with a tendency to go still higher. Many farmers decline to close with offers, holding for still higher prices. Large invoices of foreign Wool are now on the way to our Atlantic markets from South America, Australia and Cape of Good Hope.

San Francisco business men attach much importance to the fact that the Panama Railroad has passed into the hands of the Pacific Mail Steamship Company. In this connection a San Francisco paper says:

The four magnificent iron propellers, now built by the Company and ready for [illegible], will give that route very great advantages in the transportation of freight, and may result in such rates as will restore a considerable proportion of the traffic to that route. It is possible in the near future that the Company will concentrate by new lines the trade of the South American coast at Panama, and thus promote many new connections with this city. The importance of supporting the Panama route as a [illegible] upon the railroad is self evident.

In round numbers the funded debt of the United States is $2,[illegible], that of Great Britain $3,000,000,000 or [illegible] twice as much as ours. Our funded debt averages a little less than 6 per cent interest, the British debt not much over 3½ per cent.

The exact state of the new tariff bill, as to Tea and Coffee, is as yet a matter of uncertainty. Both Houses of Congress have at different times voted to make Coffee and Tea free, but their bills were not the same. On the 26th March the House Tea and Coffee bill was taken up in the Senate, with the understanding that it should be [illegible] without other amendment than one providing to have it go into effect July 1. But instead there was a series of [illegible] to load the bill down with amendments. After [illegible] by a vote of 19 to 29, to include Salt, and by 17 to 26 to include Coal in its [illegible], the [illegible] of the [illegible] or Senate tariff bill—its [illegible] free list and general ten per cent reduction—were engrafted upon the measure. This action effectually kills this particular bill, and leaves the subject more complicated than before.

REPUBLICAN PLATFORM.

RESOLUTIONS ADOPTED BY THE STATE REPUBLICAN CONVENTION AT PORTLAND, MARCH 20, 1872.

The Union Republican party of Oregon, in Convention, makes this declaration of its principles and policies:

1. To the Constitution of the United States and all its amendments we pledge our unfaltering allegiance; to its authority a willing obedience; to its just and legal construction and enforcement our constant support.

2. That the success of the present National Administration in reducing the public debt, diminishing and equalizing taxation, in administering every branch of public affairs with economy and efficiency, in reforming and improving the civil service, enforcing the laws without fear or favor, protecting the nation's wards with paternal care against the cruel avarice of speculation and fraud, and maintaining friendly relations with foreign Powers, has been such as to command the approbation of the great majority of the American people, and justly entitle it to the confidence and commendation of every true Republican.

3. We regard the payment of our national debt in full compliance with all legal obligations to all our creditors everywhere, and in accordance with the true letter and spirit of its contracting, as no longer a question in issue; but that we may be early understood, we denounce all forms and degrees of repudiation of that debt as affirmed by the Democratic party, and having attempted [illegible] as not only national calamities but [illegible] and we will never consent to a [illegible] justice in its complete satisfaction.

4. We admit of no distinction between citizens, whether of native or foreign birth; and therefore we favor the granting of full amnesty to the people of those States lately in rebellion, and we [illegible] pledge the full and effectual protection of our civil laws to all persons [illegible].

5. We favor the encouragement of [illegible] by the General Government of the United States, and hold that such disposition should be made of the public lands as shall secure the same to actual settlers only in quantities not exceeding 160 acres.

6. That while we are in favor of a revenue for the support of the General Government by duties upon imports, sound policy requires such an adjustment of these duties on imports as to encourage the development of the industrial interest of the whole country; and we recommend that policy of national exchange which secures to the workingman liberal wages, to agriculture remunerative prices, to mechanics and manufacturers an adequate reward for their skill, labor and enterprise, and to the Nation commercial prosperity and independence.

7. We believe that [illegible] and [illegible] ever oppose any diversion of or interference with the common school fund or lands in this State for any other than their legitimate purpose; and we condemn the act of favoritism by the last Legislature whereby two hundred thousand dollars taken from the school fund were granted to a corporation consisting mainly of Democratic leaders and party favorites for the construction of a work which [illegible] other corporation entirely sound and responsible offered to construct for seventy five thousand dollars; and that we are in favor of the passage by the Legislature of an efficient school law, such as will secure to all citizens of our State a good common school education.

8. We find no terms sufficiently strong to express our disapproval of those acts of the last Legislature whereby the swamp lands belonging to this State have been taken from the needy settlers and given without limit or price or compensation in price to the land grabbers and speculators; whereby the emoluments and salaries of State officers have been unconstitutionally increased, and the taxes increased thousands of dollars by the creation of new and unnecessary offices and salaries for the purpose of providing for party favorites; and whereby the citizens of our metropolis have been deprived of and denied the right of controlling their own affairs. And we equally condemn the administration of our State officers and laws as extravagant, reckless, illegal and [illegible] of the Democratic party.

9. We are in favor of the United States granting [illegible]

10. That we demand the repeal of the so called [illegible] which was devised to support partisan [illegible] the newspapers at the public expense.

11. [illegible]

12. That [illegible]

13. That the Republican party of Oregon is in favor of obtaining assistance from the General Government for the construction of a canal around the Falls of the Willamette River at Portland and the Dalles, and other [illegible] improvements in the State.

14. We affirm that the continuance in power of the Republican party is the only sure preservation of the peace and prosperity, and for reasons therefor we point to its brilliant record [illegible] civil war to a [illegible] united and good [illegible] seven States [illegible] Territories rapidly ripening into State life [illegible] of human slavery [illegible] to our national [illegible] and to a system of finances [illegible] trust to an unequaled foreign credit, to a successful and solid financial system, and to the unparalleled peace and prosperity everywhere in our broad domain; and these are our pledges for the future.

15. We hail the New Departure of the late Democratic party taken by the action of their conventions in seven States as an affirmation of those principles for which the Republican party has contended for the last ten years; and in the Passive Policy [illegible] party is ready as [illegible] States [illegible] and an acknowledgment of the [illegible] President at campaign.

TO THE UNFORTUNATE.

NEW REMEDIES, NEW REMEDIES.

Dr. Gibbon's Dispensary,

623 KEARNEY STREET, NEAR COMMERCIAL, San Francisco. Established in 1854 for the treatment of Sexual and Seminal Diseases, such as Gonorrhœa, Gleet, Stricture, Syphilis in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerated Legs successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe and has resumed practice at his Dispensary, 623 Kearney street, corner of Commercial, San Francisco, where his old patients and those requiring his services may find him.

The Doctor has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female, are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, sunken and disfigured faces and their broken-down constitutions disqualifying them for the happiness of married life or the enjoyment of life. In this horrid state thousands suffer until death closes the scene. Let parents, guardians, friends attend to those who are suffering with any of these horrible life-destroying maladies, so that they are cared for and cured before it be too late. Send them immediately to Doctor Gibbon, a physician who has made private diseases his especial study for years, and who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, publishing [illegible] in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful and make strict inquiry, or you may fall into the hands of these charlatans.

Seminal Weakness.

Seminal Emissions, the consequence of self abuse, this solitary vice or depraved sexual indulgence, is practiced by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confusion of ideas, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequently insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails in effecting a quick and radical cure. Dr. G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this malady by any other of the San Francisco quacks.

MARRIED MEN,

Or those who contemplate marriage, who are aware of being under any of these fearful maladies, should not forget the sacred responsibility resting upon them, nor delay to obtain immediate relief.

DOCTOR GIBBON is responsible and will give to his patients a written instrument binding him to effect a radical and permanent cure or make no charge.

CURED AT HOME.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr. Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use, by enclosing Ten Dollars or in [illegible] letter through the Post-office or through Wells, Fargo & Co's, a package of medicine will be forwarded to any part of the Union.

All communications strictly confidential.

Caution to the Unfortunate.

Beware of the San Francisco quacks and pretenders, who with bogus diplomas and [illegible] certificates dupe the unwary [illegible] of the [illegible] named are to be [illegible] daily newspapers of San Francisco and other places, are tradesmen and became doctors [illegible] Some are [illegible] keepers [illegible] Look over the San Francisco Directory and you will not find the Medical Institute or [illegible] but you will find their true occupations in it. Look at the Directory for 1862 and 1863. The only way to avoid imposition is to make [illegible] it will cost you nothing and may save [illegible] advertising physicians to eight [illegible] are bogus, there is no safety in trusting [illegible] until you know who and what they are. Dr. Gibbon does not deceive people by exhibiting bogus [illegible] certificates, pretended patients' letters, etc. Dr. Gibbon will be happy to any persons who may call at his office at [illegible] all diseases that he proposes to cure.

Address DR. J. F. GIBBON, 623 Kearney street, corner Commercial, San Francisco. Post Office Box 1,957. REMEMBER TO PUT BOX 1,957 ON THE LETTER. Consultations FREE.

Correspondents will please inform DR. GIBBON that they read his advertisement in the *Daily Oregonian*.
